SHOOTDOWN at TEN

Marking SHOOTDOWN's tenth anniversary on IX/1/93, GKG lists 37 pages since EXPLO 007(2nd edition, 1989): GKG '89, V, IX, X & XII / '90, II & VI/ '91, II,VI,&VIII / '92,IV, X & XII/ '93, II. These find P W M sacrificing 269 human beings by exploding KA 007 to prevent its secret Stealth gear, installed for this flight, from falling into Communist/enemy hands.

This surprise ending to a scheme to brand the U S S R as the Evil Empire, the International Capitol of Terrorism, escalates the expected success beyong all bounds.

Landing a U S Congressman, his commercial airliner's NAV gear on the fritz, miles off-course on Sakhalin Island is timed to coincide with the expected Russian fighter termination of an intruder aeroplane's violation of Soviet territory less than 100 miles away.

Shootdown's photos, a feature of the Congressman's speech before the 30th convention of the Korea-US pact, are to show how the U S S R escorts strayed-off-course airliners to a safe landing.

Fearing exposure of its Stealth secrets to the enemy, P W M turns a planned Russian "SHOOT - AT" into the Evil Empire SHOOTDOWN that apparently is responsible for the murder of 269 innocent people.

Remembering Gershwin's famous, It Ain't Necessarily So , back in '84, L F Prouty cautioned G K G :

> ..... [this is] the good old "magic bullet" warmed over ... I can assure you KA 007 neither got lost, did not stray and was not on a spy mission .... we all need to think better ....

14 Sept 83, NSC Adviser William Clark had voiced exactly the same sentiment

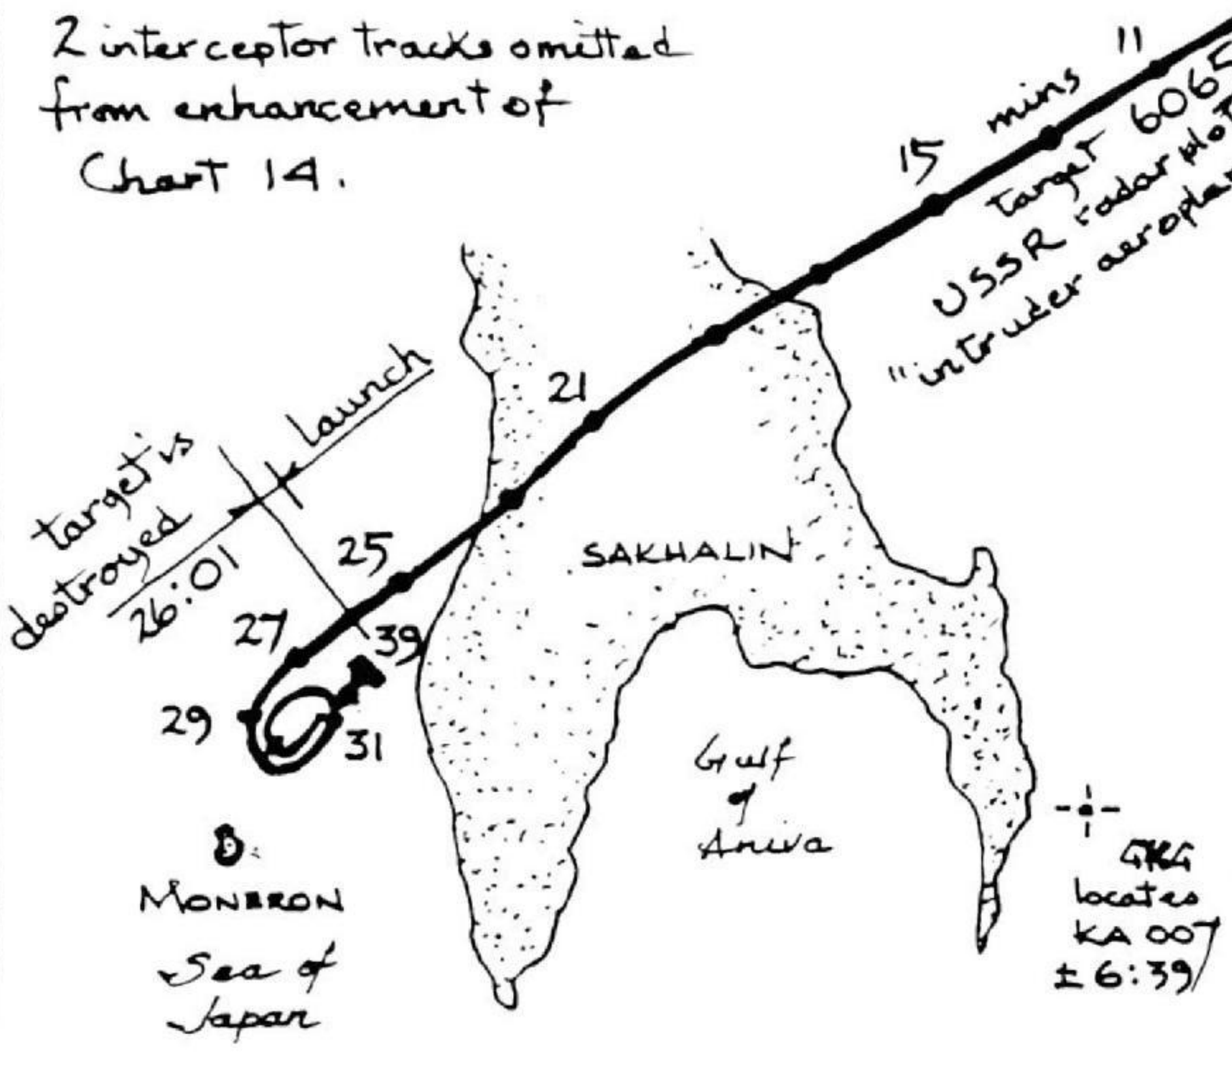
WHO SPUN SHOOT-AT INTO SHOOTDOWN?

The excerpts are from various USSR transcripts of Communications USSR Air Defence Command Centres on Sakhalin Island in Information Paper Number 1.

2 interceptor tracks omitted from enhancement of Chart 14.



Sea of Okhotsk

after destruction the Target descends turning left, contrary to the observed turn to the right, near Moneron.

hr:min

6:14 target maintaining 240
:17 target has violated State border destroy target
:18 air navigation light is on, flashing light is on
:20 turned off lock-on giving [warning] burst from cannon
:21 target at 10,000 [33,100]
:24 closing target is locked-on distance to target is 8 [5mi]
6:25:31 launch

[6:25 in original must be a typo error]

6:26 executed launch

6:26:01 the Target is destroyed

:28 target is in right turn to heading 300 degrees target altitude is 9000 [29,300]
:32 no contact with target
:36 ...it is over Moneron that enemy was in descending right turn and then disappeared

The interceptor pilot stated the first missile hit near the tail, while the second missile took off half the left wing of the aircraft. (Report, 1.16.1.5 p 39)

For two months and more ships of the USSR, USA, Japan and S Korea, to say nothing of the fleets that fish these waters, heard no black box "screaming" from the deep. No one pulled any Boeing, baggage or bodies out of the Sea of Japan.

Tass' report IX/1/83 : .... the plane continued its flight in the direction of the Sea of Japan.... dovetails with its disappearance below the 2,000 m cloud cover at 6:39.

The victims' families can believe Target 6065 is not KA 007's Boeing.

Schedule subject to change to accommodate additional speakers, topics and events.

1993 Keynote

ASK'93 is proud to have Pulitzer Prize-winning author **Norman Mailer** as our Keynote Speaker.

Mr. Mailer is in the process of completing a new book about Lee Harvey Oswald, and is considered to be not only one of the great American writers of the 20th Century, but also one of the most astute contemporary participant/observers of the social, cultural and political events of thepast three decades. His early success with **The Naked and the Dead** was followed in a steady pace with novels, poetry, theater and screen plays. His most recent work, **Harlot's Ghost**, was described in *Publishers' Weekly* as "a mammoth imagining of the CIA that puts all previous fictions about the Agency in the shade." **Armies of the Night**, about the march on the Pentagon, and **The Executioner's Song**, the life of convict Gary Gilmore, both won Pulitzer Prizes.

Norman Mailer has also been active in various political campaigns and was a co-founder of *The Village Voice*.

The **JFK Assassination Information Center**, founded in 1989, is proud to co-sponsor ASK. The Center is a repository of information and services for researchers, writers, journalists, producers, students and the general public. Large displays and a theater area feature government documents, films, newsreels, audio and video tapes, artifacts, souvenirs, books and publications. The AIC will dedicate its new location in the Katy Building near Dealey Plaza on Monday, November 22.

The ***Texas Observer***, our other co-sponsor, is a 38-year old bi-weekly journal of Texas politics and culture with a world-wide reputation for tough investigative reporting, strong ethical sensibilities and a long history of service to the citizenry of Texas and the United States.
